Presidential Reflections from Karen Woodrow Lafield from her pc's . . .

With anticipation . . . I peeked, and I am happy to see a preliminary program so full of interesting titles, names from a diverse set of demographers, and events for our gathering over October 14-16! This newsletter is concise, because we understand how busy everyone is at this time of summer's ending and the fall's beginning, or for some, the changing of fiscal years. At another recent conference, Dave Swanson and I talked about this great television commercial about cultural reactions to the falling of the first leaf . . . but that is a topic, among many possibilities, for conversation at the social events October 14-16. The facilities at the Hilton Head Marriott Beach and Golf Resort are a fantastic setting for business and relaxation. I encourage you to send your registration and make your hotel reservation and travel arrangements. I am grateful for contributions of so many members in creating this great agenda of events and sessions, and I encourage you to finalize your attendance so organizers have nearly accurate counts for luncheons and dinner in advance of going to Hilton Head. Our plenary speakers are S. Philip Morgan, Duke University, on "The Global Spread of Low Fertility," and Nancy Denton, State University of New York at Albany, on "Rethinking Residential Segregation in a Multi-Ethnic World." One of my conference tips is that I always stay in the hotels hosting the conferences, because then there is the fringe benefit that you might easily find a familiar colleague for breakfasting, making a grand scheme for research, or taking a leisurely walk. Please remember there is also an added benefit for our organization, in that the negotiated arrangements include a waiver for meeting room rental fees if conference attendees stay there. Where SDA stands collectively depends on individual members! Soon I will be greeting everyone in South Carolina!

Signing off for now, Karen

THE PRELIMINARY PROGRAM IS INCLUDED HERE!

The **Hilton Head Marriott Beach and Golf Resort** has been beautifully renovated and was recently named "One of the Top 500 Hotels in the World" by *Travel and Leisure Magazine*. This spectacular oceanfront resort is a mecca for both sports enthusiasts and those who wish to just relax and rejuvenate. Enjoy 3 championship golf courses, 25 tennis courts, spa services, fantastic dining, beautiful guest rooms and easy access to both Hilton Head Airport and Savannah - Hilton Head International Airport. By the way, it also has excellent meeting facilities.

Reservations can be made either by calling the hotel direct at 843-686-8400 or by calling Marriott's central reservation number 800-228-9290. **Please mention that you are with the Southern Demographic Association so that your room counts toward the SDAs room block. Failure to meet our room obligation will result in a substantial surcharge to the association.** The SDA rate is \$169 for a single, double, or triple plus taxes. There is no resort fee, as charged by most Hilton Head hotels, and parking is free. Reservations must be made by September 14 to receive the convention rate and for your room to count toward the SDA block.

If you have questions about Hilton Head, please contact the local arrangement co-chairs: Barb Johnson (barbj@usca.edu, 803-641-3237) or Bob Freymeyer (rhfreym@presby.edu, 864-833-8359).

The patio overlooking the Atlantic Ocean will be the site of the Friday night dinner featuring local cuisine.

Election of Board Members and Officers for 2005 and Beyond...

Woody Carlson and Gregg Robinson are in the running for the position of President. Additionally, Samia El-Badry and Lynne Cossman are vacating their Board seats. Tom Bryan, Rebecca Clark, Eileen McConnell, and John McHenry have agreed to run for the two open seats (2005-2007). Their biographies are below. You will receive a ballot from Secretary-Treasurer Dave Swanson soon.

Elwood Carlson is the Charles B. Nam Professor in Sociology of Population and Director of the Center for Demography and Population Research at Florida State University. Previously he served as Dean of the International Max Planck Research School for Demography at the Max Planck Institute for Demographic Research in Rostock, Germany, and as Professor of Sociology at the University of South Carolina. He has just completed a term on the NIH Study Section for Social Sciences and Population Studies, including the last two years as chair of the section. He received his Ph.D. in Sociology from the University of California at Berkeley in 1978. Woody's research interests include political demography, fertility and mortality.

Within SDA, Woody has served as the Editor in Chief of *Population Research and Policy Review* from 2000 through 2004. He has organized sessions and presented papers at annual meetings for many years.

Selected publications include (2001) "Changes in contraceptive use in Bulgaria, 1995-2000" (with V. Lamb) *Studies in Family Planning* 32(4):329-338; (1999) "Trajectories of fetal loss in the Czech Republic" (with J. Hoem, J. Rychtarikova) *Demography* 36(3):327-337; (1998) Fertility regulation in a declining command economy. *International Family Planning Perspectives* 24:184-187 (with M. Omori); (1992) Inverted Easterlin fertility cycles and Kornai's 'soft' budget constraint. *Population & Development Review* 18(4):669-688; (1990) European contrasts in sex ratios: implications for living arrangements in old age. *European Journal of Population* 6(2):117-141; (1989) Concentration of rising Hungarian mortality among manual workers. *Sociology & Social Research* 73(3):119-128 & 73(4):201-203; (1986) Couples without children: premarital cohabitation in France. 113-130 in K. John P. McHenry is currently President of Demographic Data For Decision-Making Inc., a corporation whose primary goal is to help South Florida businesses acquire, manipulate, and analyze demographic data. John's degrees are all in Demography, starting with an undergraduate degree from the University of California-Berkeley, followed by an MA and Ph.D. – both from the University of Pennsylvania. John's early work history includes a summer internship at the Census Bureau; research assistantships under Eileen Crimmins and Richard Easterlin (Penn), and under Judith Blake (U.C. Berkeley and UCLA); a two-year stint at the United Nations Economic Commission for Europe; and a consulting position at the United Nations Population Division in New York. In 1986, John switched from fertility-related research and entered the field of Business Demographics, working five years at a large electric utility—before leaving, in 1991, to start up DDD Inc.

John's fertility-related research includes U.N. working papers at Geneva and New York; a 1991 U.N. monograph, "*Socio-Economic Development and Fertility Decline: An Application of the Easterlin Synthesis Model to World Fertility Survey Data*;" and a 1985 article in the Population Bulletin of the United Nations, entitled "*A Critique of the Easterlin Approach*

Tom earned his BS in History in 1992 and Masters in Urban Studies and Planning in 1996 as an Oregon Laurels Scholar from Portland State University. Tom earned his Masters in Information Systems Technology from George Washington University in 2002 and has been awarded CIO certification from the GSA.

Selected publications include:

“Sources of Statistics” chapter of *Methods and Materials of Demography*. New York, NY: Academic Press.

“Collection and Processing of Demographic Data” chapter of *Methods and Materials of Demography*. New York, NY: Academic Press.

“Migration” chapter of *Methods and Materials of Demography*. New York, NY: Academic Press.

“Estimates” chapter of *Methods and Materials of Demography*. New York, NY: Academic Press.

“U.S. Census Bureau Population Estimates and Evaluation with Loss Functions” *Statistics in Transition Journal*. Warsaw, Poland. March, 2000.

Tom has presented annually at the SDA and PAA since 1996 on applied demographic subjects such as small area estimates, forecast error analysis, GIS / geodemographic innovations and commercial demography.

Rebecca L. Clark is a Program Official in the Demographic and Behavioral Sciences Branch of the National Institute of Child Health and Human Development (NICHD), one of 27 Institutes that constitute the National Institutes of Health (NIH). Rebecca manages the Branch’s extramural portfolios on immigration, internal migration and population distribution, race and ethnicity, population and environment, and demographic methods; oversees several of the DBSB population research centers; and manages several of the training and career development programs for junior scientists. In 2003, she was awarded two NIH Awards of Merit. Before joining the DBSB in February 2000, she was a senior researcher at the Urban Institute, where she did research on impacts of immigrants on the United States, federal expenditures for children, and other issues related to child well-being. Rebecca received her B.A. (1982), M.A. (1986), and Ph.D. (1989) from Brown University and did post-doctoral work at Princeton University. She was awarded Dorothy S. Thomas award by the Population Association of America in 1990.

To Members and Friends of SDA:

At the general meeting of the membership at the 2003 conference in Alexandria, we initiated a two phase capital fund campaign to replenish the SDA reserve fund. As you can see from the preceding note from the SDA President, the first phase of the campaign has raised just over \$4,000.

Now that we are moving into the second phase of the campaign, we are asking those members who have not yet contributed to make a donation. The suggested amount is in the range of \$10.00 to \$20.00. I urge you to make a donation. if you feel you can send more than the suggested amount, please do so; otherwise please send what you can.

Please send your donation in the form of a check made out to The Southern Demographic Association to:

David A. Swanson, Secretary-Treasurer

University, MS 38677-1848

You probably already know that the SDA is a 501(c) organization, which means that contributions are deductible. I will send a receipt to you once I receive your donation.

My very best regards,

David A. Swanson, Secretary-Treasurer

Job Announcements:

Florida State University. The Department of Sociology invites applications for up to three positions at the assistant and/or associate ranks (the latter with possibility of tenure upon appointment), effective August 2005. We seek candidates with specializations in (1) Race/ethnicity, (2) Political Sociology (social movements, social policy, political sociology, or comparative-historical), or (3) Immigration/demography. Candidates who can teach graduate level classical and/or contemporary theory will be given priority. Applications must include a personal letter, curriculum vitae, three letters of reference, and one writing sample. Candidates' letters should describe how their teaching and research interests meet departmental needs, summarize their research accomplishments, and describe the promise of their research for external funding. Collaboration among faculty and students is encouraged and affiliation with the Pepper Institute on Aging & Public Policy or Center for Demography & Population Health is possible. We strongly welcome race/ethnic minority applicants. Screening will begin October 1 and continue until the positions are filled. Send materials to Patricia Yancey Martin, Chair, Department of Sociology, Florida State University, Tallahassee FL 32306-2270 or email: sociology@fsu.edu. For more information, visit our webpage at www.sociology.fsu.edu. Florida State University is an Affirmative Action/Equal Opportunity Employer.

Postdoctoral Fellowships

The Alcohol Research Group (ARG) and the Prevention Research Center (PRC) offer postdoctoral fellowships sponsored by the National Institute on Alcohol Abuse and Alcoholism (NIAAA) for research training in alcohol studies. These fellowships are offered through the School of Public Health, University of California at Berkeley. ARG and PRC are National Alcohol Research Centers funded by the NIAAA to carry out long-term programs of research in the alcohol studies field. The Alcohol Research Group's research program focuses on the social epidemiology of alcohol problems and on health services research. Website: <http://www.arg.org/>. The Prevention Research Center's research program focuses on social and environmental approaches, that includes spatial analysis and modeling to the prevention of alcohol-related problems. Website: <http://www.prev.org>. The spatial systems group or SSG, located at PRC, conducts research in Geographic Information Science, Spatial Analysis Systems, Spatial Dynamic Models with proprietary software doing Point Process and Lattice Modeling (<http://www.pire.org/prc/ssg/ssghome.htm>). Fellows have an appointment at the Alcohol Research Group or the Prevention Research Center. The program offers both, one-year and two-year fellowships. Currently, the fellowship stipend ranges from \$35,568 to \$51,036 per year, commensurate with postdoctoral experience. Health insurance reimbursement and a travel allowance of \$1,200 per appointment year are also provided to the fellows. During the first year of the fellowship stipends are not taxable. Federal trainee payback provisions apply to the award. The second year stipend is subject to taxes. Applications will be accepted from U.S. citizens or permanent residents who have earned a doctoral degree prior to applying for the award. These fellowships are oriented toward the pursuit of basic and applied social science or epidemiological research and are not seen as appropriate for persons interested in clinical practice. Please contact: Ms. Libbie Hodas, Training Grants Administrator 510-642-5208/lhodas@arg.org

PR² News

We are pleased to announce that, Kluwer Academic Publishers (KAP) and Springer Verlag will officially merge to form one company under the brand Springer commencing July 1, 2004.

The new Springer will continue to publish out of the existing KAP and Springer locations. In New York, the offices will be merged at our Spring Street location.

Our new company will be operating under the joint Springer brand, which has also been given a new appearance. The new logo will be introduced on all new products published and in our corporate communications from July onward.

During the next few weeks, all book and journal information will become available on www.springeronline.com.

Some of the benefits of the merger are:

- All journals titles of the new Springer group will be distributed electronically via the SpringerLink platform.
- By combining sales and marketing efforts, Springer will be able to enhance its reach to the scholarly community worldwide.
- Special arrangements with third world countries such as the AGORA and HINARI projects will remain in place.
- All journals back files will be made be available electronically, starting with volume one issue one onwards.

Of course, on a one-to-one, personal level, you won't notice any change. We will continue to manage our products as before with dedication and care.

However, all titles will, in future, be published under the Springer brand.

On a practical level, there are a few changes to note:

New e-mail addresses, effective July 1:

Myriam.Poort@springer-sbm.com

Susan.Jones@springer-sbm.com

Please add our new addresses to your address book.

Our telephone, fax, postal and visiting addresses will remain the same, except for the name change.

Should you have any questions about the merger, please do not hesitate to contact us.

We look forward to continue working with you and would like to thank you for your cooperation and support.

Sincerely,

Myriam Poort, Publishing Manager Social Sciences Unit
