About SRDG:

The Southern Regional Demographic Group (SRDG) is an organization of university faculty and other specialists in demography and related fields. It was organized in 1970 under the auspices of Oak Ridge Associated Universities. Members of SRDG are interested in promoting demographic research and training. To be a voting member, one must indicate interest to the SRDG secretary-treasurer with a remittance of annual dues (\$6 for regular members and \$2 for students). Members receive the *Newsletter*, discounts on other SRDG publications, and reduced registration fees for the SRDG annual meeting and other related workshops, conferences, and seminars.
